Directory of Industries

SHOWING THE LOCATION, CAPITAL AND A SUMMARY
OF THE INDUSTRIES OF EACH COUNTY

PUBLISHED BY THE

CARSON CITY, NEVADA, July 31, 1922.

HON. EMMET D. BOYLE, *Governor of Nevada.*

SIR: I herewith transmit the first Industrial Directory of the State of Nevada compiled by the Commissioner of Labor to meet the demand for this information both inside and outside of the State of Nevada.

The information has been taken from the biennial survey of employment conditions in the State, conducted in the months of October and November, and this office has excluded any reports showing less than three employees, in order that the pamphlet may better meet requirements of the inquiries received.

In securing the original mailing list from which inquiries were made, tax lists, telephone directories, and city license lists were used, in addition to the cooperation given by county officials who aided in securing the names of employers throughout the State. However, omissions have undoubtedly occurred, and it is expected that such omissions be reported so that future revisions of this directory may be complete.

Very truly yours,

Frank W. Ingram.

Labor Commissioner.
